G3 is proud of its diverse workforce comprised of employees who are valued for their individual skill and attributes.

Applicants should contact the Regional HR Manager if they require accommodation during the competition process on a confidential basis.

Job Title: EH&S Regional Representative

Location: G3 Eastern Region

G3 Canada Limited is a progressive and continuously growing company. As part of our commitment of building a smarter path from farmers' fields to the global market, we are establishing a highly efficient coast to coast Canadian grain enterprise designed to provide a unique competitive alternative to farmers and superior service to customers and stakeholders. The integrity and resourcefulness of our people are foundation of commitment.

Based either in Three Rivers or Quebec, and reporting to the EH&S Director, the EH&S Coordinator will be responsible to support the implementation and maintenance of all environmental, health and safety policies, procedures and activities for G3 in the Quebec region. The EH&S Regional Representative will also champion the corporate environment and safety culture and will assist in G3's optimization efforts.

Responsibilities and duties include but are not limited to:

- Mentor and support management and supervisors to ensure successful implementation of EHS programs and policies.
- Monitor the application of all EHS regulatory requirements and applicable standards and provide appropriate support for the implementation.
- Provide support for Job Hazard Analysis in all areas of the business unit including appropriate EHS support for newly installed equipment or process change.
- Participate on the EHS policy committee and support in the development and implementation of EHS programs.
- Defining environmental practices to optimize waste disposal channels.
- Conduct periodic and quarterly documented site inspections to verify compliance to Safety, Health and Environmental requirements.
- Provide guidance as appropriate for all critical safety device inspection requirements (harness, life line, lifting device, fire suppression device, etc.).

Qualifications

- Bachelor's degree (or equivalent work experience and education) in safety, engineering, lean manufacturing or a similar field.
- 3-5 years' experience in increasingly complex and responsible positions for location or corporate safety programs.
- Minimum of 3 years' experience in management or leadership roles.
- Certificate or proven experience and training in an EH&S culture.
- Ability to develop strong professional relationships and to influence peers, managers and other teams.
- Proficiency with MS Office (Word, Excel, PowerPoint) and Lotus Notes.
- Must be fluent in both French and English

G3 provides the opportunity to have a challenging and rewarding career that will allow one to be part of a growing and dynamic company while offering a competitive salary and benefits package. Join our diverse team of talented professionals who call G3 home!

Building a smarter path from farmers' fields to global markets.
